## *Renovaré Spiritual Formation Bible (NRSV)*

Editor, Richard Foster

I will be using this Bible as we read *Thru the Bible* in 2006, as its editors and many of its writers are Christians whom I and others at St. Andrew read regularly. They include Richard Foster, Tom Oden, Eugene Peterson, Dallas Willard, Walter Brueggemann, William Willimon, Ellen Charry, and more.

Many of these names may not mean much to you, but they are among the most highly respected disciples and scholars in the Christian community. I'm excited about being in conversation with them as I read through the Bible.

The *Renovaré* team has tried to combine the best of a study Bible and a devotional Bible in a single volume. The introductory materials and the book introductions are particularly helpful. And . . . we've been able to purchase copies at a much-reduced price!
